## PROFILE

Data Engineer with expertise in AWS cloud services, data warehousing, SQL, and automation. Skilled in building scalable data solutions and implementing efficient ETL pipelines.

## TECHNICAL SKILLS

- **Cloud & Data Engineering:** AWS (Glue, EC2, S3, SQS, Lambda, Athena, QuickSight, Kendra), PySpark, Data Warehousing, ETL Pipelines, DataOps, Hadoop
- **Programming & Development:** Python, Java, Flask, Django, HTML5/CSS3, Jinja, Git, Shell Script
- **Automation & DevOps:** CI/CD Pipelines, AWS CodePipeline, GitHub Actions, Jenkins
- **Database Management:** SQL, MySQL, Oracle, MongoDB, SybaseIQ
- **Tools & Visualization:** Visual Studio Code, PyCharm, IntelliJ, Jira

## EXPERIENCE

**Lead Software Engineer, Persistent Systems** *2022 – Present | Pune, India*  
**AWS CodeGuru Benchmarking & Automation**

- Designed and implemented end-to-end **ETL pipelines** using **AWS Glue, PySpark, Lambda, and Athena** to process large-scale benchmarking data.
- Automated execution of vulnerability detection tools on **EC2** and built event-driven workflows using **S3, SQS, and Lambda**.
- Developed **Python** automation scripts to parse, normalize, and transform tool outputs into structured **JSON datasets**.
- Optimized **Athena SQL** queries to compute benchmarking metrics (TP, FP, TN, FN) and generate performance reports.
- Built **QuickSight dashboards** to visualize tool accuracy, performance trends, and comparative insights.
- Improved operational efficiency by **80%** through fully automated data workflows and secure IAM-based access control.

**Senior Software Engineer, Persistent Systems** *2021 – 2022 | Pune, India*  
**Data Pipeline Development (StreamSets)**

- Contributed to and supported development of data pipelines using StreamSets, gaining experience in orchestration, monitoring, and workflow optimization.
- Integrated **PySpark** transformations within StreamSets pipelines to accelerate data processing workflows.
- Optimized data processing workflows by leveraging **DataOps, AWS Glue**, and cloud-based systems.
- Worked on custom data ingestion and automation using **Java**.

## AWARDS AND CERTIFICATION

- **Top Talent FY2025** *2025*
  - Identified as a Top Talent performer for ingenuity, persistence, and high-quality delivery.
- **Bravo Award | Individual Awards** *2024*
  - Recognized for leadership in AWS re:Invent activities, ensuring successful execution and motivating the team.
- **High Five | Individual Awards** *2024*
  - Honored for exceptional programming skills and independently managing benchmarking automation.
- **Certifications**
  - AWS Certified Cloud Practitioner — Amazon Web Services
  - Google IT Automation with Python — Google
  - HackerRank Silver Level Badge in Python

## EDUCATION

- **Vidhya Pratishthan's Kamalnayan Bajaj Institute of Technology** *2017-2021*  
*Bachelor of Engineering in Computer Science* *(CGPA: 8.43/10)*
