

Hanumant Goroba Vidhate

Network Engineer | NOC Engineer | L1 Support

Phone: +91 9822942370 | Email: pritamvidhate910@gmail.com | Pune, India

Professional Summary

Highly skilled Telecom Network Engineer with 4+ years of experience in NOC operations, multi-vendor coordination, and enterprise service delivery. Proven expertise in IPVPN, DIA, WLR, Broadband, Unified Communication, MPLS, and ISP-grade technologies. Adept at monitoring large-scale networks using NDL, SolarWinds Orion, NETCOOL, and STABLENET, with strong incident management using ServiceNow (SNOW) across P1–P4 priorities. Extensive background in ADSL/VDSL troubleshooting, AP monitoring, RCA preparation, and global vendor coordination (Eir, Open Eir, BT, SIRO, Enet). Recognized for ensuring high network availability, minimizing downtime, and delivering seamless telecom operations support.

Technical Skills

- Routing & Switching: VLAN, STP, OSPF, EIGRP, BGP (Basics), EtherChannel
- Network Services: IPVPN, DIA, WLR, Broadband, Unified Communication, MPLS L2/L3, L2VPN/L3VPN
- Technologies: ADSL, VDSL, UBR, Fiber, FTTH
- Monitoring Tools: NDL, SolarWinds Orion, NETCOOL, STABLENET, PagerDuty, Meraki, PRTG, CSO Orchestrator.
- Security: ACLs, Port Security, DHCP Snooping, DAI
- Protocols: SNMP, Syslog, NetFlow
- Platforms: VMware, ServiceNow (SNOW), BMC Remedy

Work Experience

Network Engineer – NOC | Vodafone India Services Pvt. Ltd.

Jan 2026 – Present

- Providing L1/NOC operations support for Ireland enterprise customers ensuring maximum uptime.

- Monitoring routers, switches, WAN circuits via NDL & SolarWinds Orion for proactive fault detection.
- Managing critical SNOW incidents (P1–P4) with detailed troubleshooting and rapid service restoration.
- Coordinating with global vendors (Eir, Open Eir, BT, SIRO, Enet) to resolve major incidents.
- Supporting IPVPN, DIA, WLR, Broadband & Unified Communication services.
- Troubleshooting ADSL/VDSL circuits, ONTs, CPE devices, and Access Points.
- Performing RCA analysis with documentation for repeated incidents.

Senior Executive – Network Monitoring Engineer | Vodafone Global Services Pvt. Ltd.

Dec 2022 – Dec 2025

- Monitored enterprise networks across global regions using NETCOOL, STABLENET, PagerDuty.
- Handled critical P1/P2 outages ensuring SLA compliance and customer communication.
- Troubleshot SNMP, Syslog alerts and multi-vendor device failures.
- Improved monitoring dashboards and workflows for better incident detection.
- Worked on multi-vendor environments including Cisco, Juniper, Huawei.

Assistant Manager – Service Delivery & Assurance | Reliance Jio Infocomm Ltd.

Jul 2021 – Dec 2022

- Delivered enterprise services: MPLS L2/L3, ILL, SIP, L2VPN, L3VPN across Fiber & UBR.
- Configured EDS, MDS, PRI Converters, and routed/switching devices.
- Managed VLANs, routing protocols, port-level configurations and activation.
- Performed troubleshooting, fault isolation & restored enterprise connectivity.
- Maintained high service uptime through proactive network checks.

Education

- B.E. (2019) – SVPM's College, Pune University
- HSC (2014) – Maharashtra Board

- SSC (2012) – Maharashtra Board

Certifications

- CCNA – Cisco Certified Network Associate
- RHCSA – Red Hat Certified System Administrator
- AWS Certified Solutions Architect – Associate
- Fortinet Certified Associate
